

Bringing Hospitality to Healthcare

WHO'S THE NEW FACE IN TOWN?

At Solvera Health, our goal is to solve your healthcare challenges. It's at the core of what we do – our name, Solvera, is taken from the Latin word "solvere," meaning to solve.

We take the time to get to know you personally. Our Personal Care Team includes your primary doctor, nurse practitioner, care coaches, and access to specialists. We also offer an on-site pharmacy, hearing evaluations, physical therapy services, and lab & diagnostic testing.

It's all the care you need – under one convenient roof.
